At Iconic Engineering Limited, we specialize in providing advanced and cost-effective energy storage solutions to ensure uninterrupted power supply for homes, businesses, and industries across the country. Solar panels generate electricity when sunlight is available, but without proper storage.

Backup power: Supply power to the load when the power grid is out of power, or use as backup power in off-grid areas. Enhance power system stability: Smooth out the intermittent output of renewable energy by storing electricity and dispatching it when needed. Optimizing the use of renewable energy: Maximize.

Dhaka, May 9, 2025 — Global new energy technology brand AINEGY showcased its South Asia optimized energy storage solutions (full portfolio for residential and commercial/industrial applications) at the 14th Bangladesh International Power & Building Expo (BIID EXPO & DIALOGUE), which opened.
