Quotation for a network cabinet with a depth of 800mm

Overview

What size is a PI Data enclosure/cabinet?

The 45U 800mm Wide x 800mm Deep PI Data enclosure/cabinet has been designed to ensure. Please note: Cabinets with wardrobe style doors are built-to-order and therefore non-returnable. Please note: Flatpack Prism PI floor standing.

What is a 42U navepoint commercial server cabinet?

The 42U NavePoint Commercial Series network server cabinets have capacity and quality --everything it takes to get the job done right for your high-density applications that rack and store a range of 19-inch equipment like servers, patch panels, PDUs, routers, and more.

What is a network cabinet made of?

The exceptionally sturdy welded frame is made of heavy-duty Cold Rolled Steel with a durable, sophisticated Black Powder Coated finish. It's the network cabinet with the right design and construction to bring lasting security and reliability to your high-density build. Comes fully assembled on a pallet due to size.

Are navepoint cabinets pre-assembled?

The NavePoint Commercial Series cabinets come pre-assembled for easy setup and include pre-installed heavy-duty locking casters for mobility, and leveling feet for use when the fully racked cabinet needs to stay in place. These network enclosures feature adjustable square untethered cage nut opening mounting rails with u-markings.
